

# Children's Vacation Care

## Holiday Wellbeing Program

### IMPORTANT TO KNOW:

-  The program runs between 9am-3pm. We cannot supervise children outside of these times. Usually the program will not run on the first Monday and the last Friday of the two week period.
-  We risk assess all of our venues and activities but accidents can still happen. Make sure your child wears appropriate clothing and enclosed shoes to prevent unnecessary injury.
-  We will encourage all children to apply sunscreen throughout the day - but it's also essential that each child wears their hat.
-  Please ensure your child brings a packed lunch and both morning and afternoon snacks (in an insulated lunch bag) and a water bottle. Remember, NI-Connect promotes an a nut free zone.
-  Your child can make their way to and from the venue independently if they are 10+ and you have signed a consent form (you can pick this up from NI-Connect). However, please call or text us on 51115 to let us know they have arrived home safely. Otherwise, we will call you.
-  Sometimes our scheduled activities change but we will do our best to let you or your child know as soon as possible.
-  COVID-19 guidance is adhered to and if your child is feeling unwell or experiencing flu-like symptoms, they will not be able to attend.
-  To make sure that all of the children are safe, we have allocated staffing ratios for all activities. Please let us know ASAP if your child will not be attending.
-  Please ensure staff are aware of any allergy, medical condition, current medication or treatment plan that your child is on.
-  Most importantly, we want children to have FUN. Please let our staff members know if there is anything we can do to make this a more positive experience for your child.
